THE UNIVERSAL PARLIAMENT

Now Cipher Victory

STAY INFORMED. STAY CONNECTED. BUILD.

Peace to Allah’s 5% Nation,

My sincerest thanks to everyone who helped make the Universal Parliament a success the past day. From the organizers, the volunteers, the economic contributors and those who were in attendance. Everything went off without a hitch! I came in exhausted and a little scatterbrained after getting little rest over the past two months. Between security, the auditorium, classrooms and gymnasium workshops, the certificate ceremony, the feast and more, my mind was racing. Yet and still, we came together and showed and proved beyond a shadow of a doubt that we are **One Nation Under A Grove!!!**

Before most of us arrived, our brother Born Everlasting, keeping with the tradition of our Medina warriors, was already on the block, surveying all things and reporting back as we traveled from our respective lands. G.O.D. Security also showed up well ahead of time, doing their recon and making sure every square inch was accounted for. I commend them for the work they did, the seen and the unseen.

Principal Saygbe came in early to greet the organizers and made us feel at home in her building. Just like I said, she’s as cool as the other side of the pillow. She welcomes us and our community outreach efforts.

The Safety Officers on post were professional, welcoming and patient with those of us getting used to the body scans. This school is a designated scanning location, so every time you come back into the building, you’ll be scanned again. It can be frustrating, yet we’ll get used to it. And for those accustomed to carrying small pocket knives, please leave them at home. They’re prohibited at Parliament and on public school grounds.

The builders in the auditorium were great. We were formally introduced to the 5% Youth Office (Mahdi (the wisdom seed), Power Build and Ras Supreme), the Office of Cultural Management (Divine Prince, I Be Allah’s Mathematics and God Allah Sha), our Region 2 representatives (Supreme Hassan and Earth I-Asia), and God Supream Elavatian of the Newark Street Academy. God Khalik, Head Principal of Weequahic High School, joined fellow educators from our Nation, including Understanding from Medina and the Earths Rashida and BiBi Mecca from Allah’s Paradise. They all took to the stage in solidarity with the young during the Encouragement of Academic Success Ceremony.

Thank you to our brother Allah Intelligence for putting that beautiful penmanship of his to use. He filled out every certificate by hand and signed each one on behalf of the Universal Parliament. The God is truly a team player and a Nation Builder!

We also witnessed beautiful builds from Foundation Sham-God and Born Justice. Born Justice, longtime captain of G.O.D. Security, officially passed the baton to Foundation Sham-God. Both Gods shared their history securing this Nation and reaffirmed their commitment to keeping us safe when we come together and wherever else the call is made.

Our brother Saviour U shared some of the jewels bestowed upon him by our brother, firstborn Gykee Mathematics (PBUH). Many of our greats have returned to the essence, yet they live on in us through their teachings, just as Allah lived on within them through his. We're all of one mind, and as the old saying goes, **God don't die, he multiplies!!!**

Father Sha Born made knowledge born that the storefront at ALLAH SCHOOL IN MECCA is in good hands and will be back up and running in due time. We look forward to supporting whatever the God and his team see fit to put there.

I missed a few builds while tending to other responsibilities in the building, so pardon me if I left anyone out.

The Classroom and Gymnasium Workshops went great. Power Build, Mahdi (the wisdom seed), Ras Supreme and our sisters My Wisdom and I Qee kept the young engaged, informed and entertained. They held it down on the fourth floor, where our Culture was in full effect! Getting up there felt like hiking Mt. Everest. Very few made it to the summit. **Yet the babies did!!!**

In addition to the 5% Youth Office, the God Rashawn Sincere of A.I.G. Youth Boxing was in the gym, training the young in the sweet science!

Now, the food. I didn't hear one complaint. The Nation was fed with love. Earth Asia and family, Queen Earthly Embrace and God, and See Infinite and companion made sure there was something for everyone, from the flesh to the plant-based options. Shout out to I Be Allah Mathematics, Black Justice, Power Understanding and God Khalik for coming through in the clutch with the beverages.

It was a glorious day in true 5% fashion. Brothers and sisters from all over the Nation have reached out to say how much they enjoyed themselves. Those who missed it are already talking about being there **December 20th** for our next Universal Parliament.

We're stronger together. The wisdom multiplies when we unite (Wisdom Wisdom). And when the wisdom multiplies, Victory is ours. No one of us can do it all. This thing of ours was designed for us to be interdependent upon one another.

Thank you all again. Until next time, I'll keep you in my heart and see you in our mind! PEACE!!!

Your Brother In Mathematics,
Knowledge Everlasting

P.S. For those of you whose children did not receive or take home their certificate, we can hold it until Divine Equality See or ship it to the address of your choice. Please make knowledge born at info@theuniversalparliament.com.
